Defendants-Appellees.

Before: OWENS, FRIEDLAND, and R. NELSON, Circuit Judges.

The parties are directed to file supplemental briefs of no more than 10,000 words addressing the following questions:

2. Was the Government's metering policy withholding or delay under that standard?
3. If the Government's metering policy was a delay, was the delay reasonable under the factors announced in *Telecommunications Research & Action Center v. F.C.C.*, 750 F.2d 70, 79-80 (D.C. Cir. 1984) ("TRAC")? *See Indep. Mining Co., Inc. v. Babbitt*, 105 F.3d 502, 507 (9th Cir. 1997) ("We look to the so-called TRAC factors in assessing whether relief under the APA is appropriate." 4. Is there any procedural or other reason that this court should not decide the second or third questions in the present appeal?
